*One Community, One Campus... Endless Opportunity*

January 2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2024-2025 educational progress of Coopersville Area Public Schools. The AER addresses the complex reporting information required by federal and state laws. Our staff is available to help you understand this information. Please contact Lisa Adams at 616-997-3200 for help if you need assistance. Hard copies are available in the administration office.

The district AER is available for you to review electronically by clicking [this link](#), or you may review a copy in the main office at your child's school. Each school will also be communicating its own AER to parents and community members.

These reports contain the following information:

**Student Assessment Data**

- Reports schools identified under three federally required categories for further support: Comprehensive Support and Improvement, Targeted Support and Improvement, and Additional Targeted Support

**Educator Qualification Data**

- Includes teachers who are not teaching in the subject or field for which they are certified

**NAEP Data (National Assessment of Educational Progress)**

Review the table below listing our schools. For the 2025-26 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every

Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2024-25. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, failed to exit CSI status in 2024-25, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.
