Before and After School Care

Our before and after care program provides care for K-5th grade children, from 6:00-8:30am and/or 3-3:40-6:00pm. We offer high quality childcare that encourages children to engage in free play in multiple learning domains.

Our preschool childcare is available from 7-8:45 and 3:15-6:00pm. We also offer half-day care to complement our preschool programs.

Tuition is charged weekly, based upon a schedule that is submitted every Tuesday. Families who submit a one time "forever schedule" for the school year will receive a 10% discount. Families who are enrolled in full-time care have 10 available days to utilize as vacation or "free days," in which they will not be charged. Part-time families will have 5 of these days. Childcare is available on non-school days (ex:snow day). This is available for children that are enrolled in our before and after care programs. We accept DHHS payments.

3-Year-Old Tuition Preschool

We have several 3-year-old programs available for children who have turned 3 by September 1, 2022. Children are able to attend half-day programs, two or four days a week. Both programs encourage children to engage in an environment that promotes learning through play. Children engage in structured classroom experiences that foster growth in a variety of learning domains. They are introduced to routines, social learning and small and large group activities. Children can additionally be enrolled in half-day childcare to provide full-day engagement for children.

4-Year-Old Preschool

We have multiple programs available for children who have turned 4 by December 1, 2022. We have both half and full day preschool. Both programs are Monday -Thursday. We have tuition based preschool and GSRP (Great Start Readiness Program). GSRP is a state funded grant that is available for families to participate in based upon various factors. This program can greatly reduce, or even eliminate tuition costs for families. What an amazing opportunity! Our classrooms provide play-based learning environments. Staff utilize Creative Curriculum to provide intentional lesson plans that support each child's learning. Limited Friday childcare slots are available for families in need of this option.
