**Coopersville Area Public Schools believes:**
Every person has intrinsic worth.  
Every person has something to contribute.  
Every person is responsible for his/her own actions.  
A community which embraces shared ethics and diversity thrives.  
Love, acceptance, and a sense of belonging are essential for every person to flourish.  
A community working together toward a common goal is fundamental to excellence.

**Mission of the Coopersville Area Public Schools:**
We inspire all students to embrace a lifelong love of learning, to achieve their goals, and to be compassionate citizens who contribute to the global community.

**Vision of Coopersville High School:**
Coopersville High School strives to create a positive environment where quality research-based teaching consistently promotes increased levels of learning and challenges students of all abilities in every classroom.

A school is a small community populated by representatives of a larger community - in our case the Coopersville Area Public School District - which supports the school and expects its young people to:

- reflect generally-accepted attitudes,  
- develop responsibility,  
- show a desire to learn, and  
- attend school regularly.

It also expects the school system to:

- provide a viable education within limited financial and physical resources,  
- maintain standards of conduct and discipline,  
- reflect an awareness of community needs,  
- keep communication open between the adult community and the school community, and  
- cooperate with other adult organizations (i.e. churches, courts, and law enforcement).

Contact between the school and these agencies should be only through their official representatives.

**Following are the guidelines by which our students and their parents must abide in order to maintain an orderly operating school.**

**ACADEMIC INTEGRITY**
Representing someone else’s work as your own is dishonest. It compromises your
integrity and diminishes what we stand for as a school community. We believe that your success is dependent on your efforts. You are expected to complete your work with honesty and integrity, as it represents what you can and can not do. Cheating has no role in our school community!

Cheating is defined as representing someone else’s work as your own or allowing someone to represent your work as their own. In a broad sense, cheating includes, but is in no way limited to, the following:

- Copying homework or allowing someone to copy your homework
- Looking on another’s test or quiz or letting another student look on a test or quiz
- Reporting to another student what is on a test or quiz, including providing questions or specific answers
- Using any secretive methods of finding/providing answers on a test or quiz
- Taking information from another source that is not properly cited
- Working with others on an assignment that was meant to be done individually
- Taking someone else’s assignment or portion of an assignment and submitting it as your own (including submitting an older brothers/sisters/friends work or memorizing answers for test/quiz that had class in previous year/semester)

When a student is not sure what would be considered cheating for a particular assignment, s/he is responsible for requesting clarification from the teacher.

Violation of this policy will result in an hour detention and an alternative assignment/assessment at a reduced grade. Multiple violations will result in progressive discipline.

Individual teachers/departments have, or will provide, guidelines as to what is or is not cheating within their course(s). You will be informed of their classroom/department policies, and it is at their discretion as to when an infraction has been made.

Students have a legal property interest in attending school, but there is not a property interest in any grade higher than the one that is given by the teacher. Nevertheless, the Board recognizes that from time to time there may be legitimate questions about academic grades, the Board has established policy 8055 for resolving grade disputes.

**ACCIDENTS**

Students who are involved in an accident, directly or indirectly, should report it immediately to the office.

**ATTENDANCE**

**Attendance Philosophy**

There is a direct correlation between academic achievement and regular, prompt attendance. The purpose of the attendance policy is to maintain academic standards for earning grades and credits. Instruction in the daytime educational program of the district is organized in such a manner that the tutorial assistance of the teacher and the interaction of pupil discussions and activities are an integral part of instruction and require attendance in
class. A student’s success in school and future career activities depends on positive attendance habits. In the event of an absence, making up assignments attains some value. School policy and classroom procedures may permit or require make-up work, but the responsibility for doing so rests with the student. Students absent for a full day may not attend after-school activities or be on campus property unless the absence is school-related. Students must attend at least a half-day to participate in after-school activities or be on campus property.

**Responsibility of Parents**

It is the statutory responsibility of parents of students under age 18 to ensure regular attendance, however, the responsibility for acceptable attendance lies with parents and students of all ages. The district, where applicable, will follow the procedures listed herein to assist parents in ensuring regular attendance, to provide a process requiring attendance, and/or to provide a process for dropping students from class or school enrollment for lack of sufficient attendance to permit granting credit.

**Absences and Tardiness**

**Excused Absence:** Excused absence will be recognized for confining illness, injury, doctor or dentist appointment, death in the immediate family (brother, sister, step-brother, stepsister, parent, step-parent or grandparent), court or regulatory agency appearance. Appropriate documentation must accompany these absences for them to be exempted. Appointments will be exempted for up to one-half day, unless the documentation states otherwise. Other reasons may be excused only if pre-approved by the school administrative office. The administration reserves the right to determine if an absence will be considered excused. Normally, pre-approval is to be arranged far enough in advance to permit the student to complete assignments prior to absence. The parent has three school days to excuse the absence, otherwise the absence shall be considered unexcused. Extended absence for prolonged illness or physical disability should be indicated to the school as soon as possible for assistance with assignments, educational programming, or possible assignment of a homebound teacher.

**Unexcused Absence:** Unexcused absences will be recorded for reasons not covered under the Excused Absence policy. This includes failure to notify the school office of an otherwise valid reason. The reason for absence from school, even though unexcused by school standards, must be verified by a note or phone call from the parent within three school days. A student leaving class without teacher approval or leaving the building without administrative approval shall be considered an unexcused absence for which detention will be issued.

In cases of unexcused absence or tardiness, teachers are not required to assist pupils to make up work missed during the unexcused absence or tardiness.

**Loss of Credit:** Students who accumulate more than 10 absences (combination of excused or unexcused) in a class during a semester will be given a grade of “F” (no credit). All absences from school (excused, pre-excused, family vacations, unexcused, and truancies) count toward the 10 day limit described above. Please see the next page for Exempt Absences and Appeals.
**Tardiness:** All tardiness is considered unexcused. The classroom teacher and/or the administration will determine the validity of the reason for tardiness. Detention time for tardiness must be served outside the instructional day. Tardiness beyond fifteen minutes will be recorded as an absence for the entire period.

**Tardiness per class per semester:** 1st tardy – warning, 2nd tardy – 15 minute detention, 3rd tardy – 30 minute detention, 4th tardy – 45 minute detention and parent contact, 5th tardy – 1 hour detention and parent meeting, 6th tardy and beyond – unexcused absence (see loss of credit policy). Tardiness for the first class of the day is tracked cumulatively for blocks 1 and 2; therefore, the 6th tardy and beyond is assigned as an absence to the class for which the student is tardy for on that given day.

**Other Periods of Absence:** Time away from class for school-approved absence, appointment with counselors or teachers, or field trips or athletic events will not be considered an absence; however, the student is responsible for turning in assignments for periods missed. If an individual teacher feels the time missed for such purposes is excessive and/or endangering the student's success in class, the principal is to be notified in writing. A pass indicating destination, time of departure, and teacher approval must support absence from class or assigned area.

**Assignment Due Dates:** Assignments due the first day of absence are due the first day of return from absence. If assignments are collected from teachers during an absence, teachers may require students to have work completed when they return from their absence. All other make up work must be completed within a reasonable period of time as determined by the teachers who will provide support for its successful completion.

**Additional Attendance Requirements:**

*Special Classes/Programs:* Additional attendance requirements may be in effect for special classes or programs such as performing arts, co-op classes, participation classes, athletic teams, or Careerline Tech Center. Requirements for attendance in such classes or programs will be given to students during the first week of the class or program.

*Performing Arts Students Attendance on Holidays:* Performing arts students shall participate in all scheduled holiday performances unless excused under AR151 (Performance Arts absences). All students will receive a copy of AR151 at the beginning of the year or semester.

*Recording of Absences or Tardiness:* The teacher and the school office will maintain the recording of absences and tardiness.

*Notification After 5 Absences:* When a student accumulates 5 absences (excused and/or unexcused) in a semester, the student/parent will be sent a letter via mail or email documenting the days absent.

*Notification After 7 Absences:* When a student accumulates 7 absences (excused and/or unexcused) in a semester, the student/parent will meet with the assistant principal to address and resolve attendance concerns.
Notification After 10 Absences: When a student accumulates 10 absences (excused and/or unexcused) in a semester, the student/parent will be sent a letter via mail or email documenting the days absent.

Loss of Credit Due to Absences: During the semester, a student who accumulates more than 10 total absences (excused and/or unexcused) in a class will lose credit in that class. If a student wishes to receive credit, they must appeal the absences. See appeal procedures below.

Notification After 15 Absences or 10% of School Year: When a student accumulates 15 absences or 10% of the school year (excused and/or unexcused), the student will be referred to the truancy officer.

Attendance Appeals: If the student believes that justifiable or extraordinary circumstances have contributed to exceeding the absence limit, the student may appeal the Credit Loss using the Appeal Forms, which are available in the Attendance Office. This form must be completed, signed and dated by the student and his/her parent(s) or legal guardian and returned to the Attendance office two (2) weeks prior to the end of the semester. The administration may decide to:
1. deny the appeal
2. grant the appeal without conditions
3. grant the appeal with conditions

Exempt Absences: Absences that do not count toward the 10 day absence limit include:
1. School approved absences
2. Doctor appointments with documentation
3. Serious injury, surgery, long-term illness, or mental health treatment with documentation
4. Suspension from school
5. Bereavement of an immediate family member (brother, sister, step-brother, step-sister, parent, step-parent or grandparent)

Types of Absences: School-approved absences and homebound services are not considered absences. Extended consecutive absences for illness/injury and verified by doctor's note will not count against the student.
1. College visits: A student is permitted two college visits per year that will not count against the student.
2. Family Funeral: Family Funeral absences only apply to immediately family and will not against them. All other funerals will be excused absences, but not exempt.
3. School Related Absences: are absences for a pre-approved school function and will not count against the student.
4. Medical Absences: When a student has seen a physician or other medical professional, a signed note must state the date and time of the appointment for it to be exempt. If the student misses school with an extended illness, the dates must be on the note from the doctor for these absences to be exempt.
Incentives for Better Attendance: One purpose of this regulation is to recognize and award students for excellent attendance. Thus, the following program will be followed:

- For each semester, students with zero (0) absences are eligible to receive appropriate recognition.
- Students with three (3) or less absences for a school year will be awarded a certificate signifying excellent attendance.
- Graduating seniors with ten (10) or less absences during their high school years will have a letter of commendation added to their official school transcript.

BUS CONTRACT

School bus transportation shall be considered a privilege to be used by a student only as long as the student accepts the responsibility for his/her own conduct, carefully following all established rules and regulations and complies with the directions and request of the bus driver. Students who fail to cooperate with rules and regulations will forfeit bus privileges rather than jeopardize the safety of other students.

RULES

1. No bullying, teasing, scuffling or fighting with fellow passengers.
2. No loud music, spitting, damaging or vandalizing school bus. (Students will be required to pay for repair of damage.)
3. No cursing, abusive language, obscene gestures, shouting, speaking loudly or making disturbing noise.
4. Respect your bus driver and fellow students. Obey instruction and directions of the bus driver.
5. Go directly to your seat, no standing, moving about or changing the seats.
6. Keep body parts inside the bus. Students may not throw any objects on, at or out of the bus.
7. No eating, or drinking, chewing gum or littering.
8. No possession of incendiary devices, weapons, obscene materials or bringing articles aboard the bus of objectionable nature or which may cause injury. (Will result in loss of riding privileges for the remainder of the school year.)
9. No sale or possession of alcohol, tobacco, nicotine, or drugs. Being under the influence of these substances or any behavior relating to the safety, well being and respect to others will result in loss of riding privileges for the remainder of the school year.

First Referral: Verbal warning
Second Referral: Written discipline notice (Must be signed by parent)
Third Referral: Bus privileges suspended for 1 week
Fourth Referral: Loss of riding privileges for the remainder of the school year.

CLASS PROMOTION

To be promoted to each class, a student must earn a minimum number of credits.

- Sophomore – a student must earn four (4) credits to be promoted to 10th grade.
- Junior – a student must earn ten and one-half (10.5) credits to be promoted to 11th grade.
- Senior – a student must earn sixteen and one-half (16.5) credits to be promoted to 12th grade.
Any student who falls behind their graduation cohort and is not successful in credit recovery within two semesters will be recommended for enrollment at an alternative setting.

CLOSED CAMPUS
Students are not allowed to leave the building without permission from the office and parent/guardian. Students must obtain permission and sign out of the office or detention will be given and administration reserves the right to search vehicles.

CAPS PHILOSOPHY OF DISCIPLINE
- Every person has intrinsic worth.
- Every person has something to offer.
- Every person is responsible for her/his choices.
- Discipline is most effective when administered with compassion and empathy.

Our practices include:
- Adults use enforceable statements.
- Adults offer limited choices to students.
- Limits and accountability are administered equitably and appropriately.
- Students solve problems in a way that does not make a problem for others.

CODE OF CONDUCT
DISCIPLINE OF STUDENTS
Purpose:
To establish procedures in handling student discipline and to provide a guide for use by the student body, faculty, and residents of the district. One of the most important lessons education should teach is discipline. While it does not appear as a subject, it does underlie the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. The format of this policy is to indicate various offenses and then to indicate how they would normally be handled, keeping in mind that the district is operated for the purpose of educating individuals and not of denying them an education.

Discipline Procedure:
Commonly, the discipline measures follow a gradual order of escalation from reasoning and reprimand to the most severe action, a recommendation for expulsion. The actual progression used may not employ all steps but may skip some/all steps outlined in the following list. The actions implemented in any single or series of disciplinary proceedings are dependent on seven factors including the student’s age, disciplinary history, disability, the seriousness of the violation, and the safety of others. The process is as follows:

1. Verbal reprimand or warning.
2. Teacher contact/conference with parent(s).
3. Restorative Justice consideration or other intervention.
4. Detention (from 15 minutes up to 1 hour).
5. Restriction of school activities including denial of the privilege of participation in graduation-related activities.
6. Suspension from school attendance for up to 10 days.
7. Placement into alternative educational setting.
8. Referral to Board of Education for long-term suspension or expulsion.

Offenses and Typical Penalties
The actions of any student that are not listed within these rules, but are considered conduct unbecoming of a student at CHS and negatively affect the educational process for one or more students, are subject to the discipline policy of CHS. Unacceptable and inappropriate behavior including but not limited to the following:

**Anti-Bullying Policy:**
The Coopersville Area Public Schools Board of Education prohibits acts of harassment or bullying. All students are protected under this policy without regard to its subject matter or motivation. The Board of Education has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment or
bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its students in a safe environment. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

The Coopersville Area Public Schools Board of Education expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students, school staff, volunteers, and contractors.

The Coopersville Area Public Schools Board of Education believes that standards for student behavior must be set cooperatively through interaction among the students, parents and guardians, staff, and community members of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members.

The Coopersville Area Public Schools Board of Education believes that the best discipline is self-imposed, and that it is the responsibility of staff to use disciplinary situations as opportunities for helping students learn to assume responsibility and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students’ abilities to develop self-discipline.

Since bystander support of harassment or bullying can support these behaviors, the district prohibits both active and passive support for acts of harassment or bullying. The staff should encourage students to support students who walk away from these acts when they see them, constructively attempt to stop them, or report them to the designated authority.

A student will not engage in bullying or cyberbullying behaviors of any student for any reason in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. "Bullying" means any repeated written, verbal, or physical act, or any electronic communication that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- Substantially interfering with educational opportunities, benefits, or programs of one (1) or more pupils.
- Adversely affecting the ability of a pupil to participate in or benefit from the school district's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- Having an actual and substantial detrimental effect on a pupil's physical or mental health.
- Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Cyberbullying that occurs on school property or with school provided electronic devices, or with personal devices using school Wi-Fi is subject to disciplinary action. Cyberbullying that does not occur during school hours, but is carried out using a school device, or continues into the school day and affects the school climate is subject to disciplinary action. Cyberbullying may involve the inappropriate use of information or communication technologies such as
emails, cell phones, text messages, instant messages, Twitter, Facebook, Instagram, Vine, Snapchat, Ask.fm, defamatory personal websites, or defamatory online polling websites.

**Hazing Policy:**
Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Hazing involves conduct such as but not limited to:

- Illegal activity, such as drinking or drugs;
- Physical punishment or infliction of pain;
- Intentional humiliation or embarrassment;
- Dangerous activity;
- Activity likely to cause mental or psychological stress;
- Forced detention or kidnapping;
- Undressing or otherwise exposing initiates.

**Seclusion and Restraint:** The district strives to provide a disciplined learning environment that promotes the care, safety, welfare, and security of the school community and the dignity of each pupil, and works to enforce the procedures consistently. All administrators are trained in the legal processes for the use of emergency seclusion and restraint. All personnel participate in awareness training as required by the Michigan Department of Education. See the board policy for more information on seclusion and restraint.

**Due Process:** Any student subject to disciplinary action under this policy shall be granted due process as per the district’s discipline policies.

**Expulsion and Suspension Procedures:** All administrators follow board policy and legislation regarding suspension an expulsion. Parents or guardians who wish to appeal a suspension or expulsion may refer to Board Policy 8350 and Board Policy 8350-R.

**DETENSIONS**
Detentions will be recorded in the office and must be served with the detention monitor.

*Detention Rules:*
1. Students are given 5 school days to serve their detention.
2. If the detention is not served within 5 days, the student will be issued an additional two hours of time.
3. Further discipline that may result for refusal to serve time includes:
   a. Out-of-school suspension
   b. Social probation - activities taken away (athletics, dances, etc.)

**DRESS AND GROOMING**

NOTIFICATION OF RIGHTS UNDER FERPA
The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Coopersville Area Schools receives a request for access.

   Parents or eligible students should submit to the Office of the Principal a written request that identifies the records they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

   Parents or eligible students who wish to ask the Coopersville Area Schools to amend a record should write to the Office of the Principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

   One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a
legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Coopersville Area Schools to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

**STUDENT SERVICES**

A counselor is available to all students. Each student is assigned a specific counselor at registration. Counselors are also responsible for developing your program of study. You may contact your counselor for an appointment by notifying the student services office.
TELEPHONES/CELL PHONES
Students may use the office phone for emergencies and illness or use their own phone in the office. Students are encouraged to keep their phones in their lockers throughout the school day. Students in violation of this policy will surrender their phone for the school day in addition to the following: First offense – one -hour detention; Second offense – 2 hour detention and parent conference; Third Offense – 2 hour detention and no phone allowed in the building for the remainder of the semester.

TESTING OUT
It is a requirement of the Michigan Merit Curriculum Law, Section 380.1278(a)(4)(c), to allow a student to earn credit if the student earns a qualifying score, as determined by the department, on an assessment developed for a specific subject area. Testing out is free and a student may test out of any required English, math, social studies, or science course. Credits earned under the testing out policy are not figured into the student’s GPA, but appear as a “CR” on the transcript. Students may request to test out of a class that has been failed, a class that is currently in progress, or a class that the student has not yet taken. Only one attempt to test out of a specific class is allowed. A separate request form must be completed for each class/semester. Tests are designed to be rigorous and will cover material from the entire semester. Students are responsible for contacting student services and the appropriate teacher to obtain preparation information.

TEXTBOOKS, SUPPLIES, AND COMPUTERS
The school does supply textbooks and other necessary materials to students. Whenever a student desires specialized material, when assigned material is abused, or when a student wishes to take project work home, a cost will be assessed to the student for these materials. student will be suspended from all athletic participation until the case is resolved. conditions may be required as condition of reinstatement. These may include counseling, restitution, and/or the imposition of a probationary period.

Arguments such as “the container was empty”, etc. will not be a case of defense.

6.0 Hazing
Athletes shall not participate in any induction ceremony, initiation, or other activity that involves risk of physical harm, coercion, intimidation, or other activity that involves risk of physical harm, coercion, intimidation or embarrassment to others. Hazing is a violation of State law, and school policy. What classes do I need?

Confidentiality Guidelines

Your confidentiality as a student is important to us!
In our school counseling office, what is said here stays here.

There are, however, exceptions to confidentiality, as required by law and/or ethical standards:

1. Harm to self or others
   This could include things like a suicide attempt or plan, cutting or other self-injury, eating disorders, addictions, fighting or other physical violence, illegal behaviors, threats, etc. (anything that puts your health or safety, or someone else’s health or safety, at risk.) Each situation is unique, but a response may include communication with law enforcement.

2. Abuse or neglect
   If you tell us that you or another minor is being abused, whether physically, emotionally, verbally, or sexually, we are required by law to report it to Child Protective Services and possibly the police. If you tell us about an abusive situation that has already been addressed by CPS or the police, we may still need to make a call to double check.

3. Court or other legal proceedings
   By law, if we are subpoenaed (required by law to attend a hearing or other court proceeding), we cannot guarantee that your information will be kept confidential. We will always do our best to reveal as little as possible in a legal setting, but we must cooperate with the police, CPS, and the courts.

If there is ever a need to reveal information, we will let you know in advance, whenever possible, and work with you to handle the situation in a way that respects you, your feelings, and your needs. Our primary goal is to ensure the safety of all students.
