**A class cannot be counted for more than one graduation requirement** (e.g., Plant Science cannot be counted as both VPAA and science.)

**Early College** Students must meet with Mrs. Angus to complete this sheet.

**Dual Enrollment** Do not sign up on this sheet for dual. Check your email for the registration process in April.

**Independent Study (+)** Do not sign up for an Independent Study on this sheet. See your counselor for details.

Those who apply and are accepted into a **Senior Internship (+)** will request this class **in OCTOBER** of senior year. Do not sign up for it on this sheet.

Interested in playing **NCAA Sports?** See a counselor to make sure you are taking the right classes.

Those interested in **attending college** are encouraged to have at least 4-5 classes per semester from the core areas (English, Math, Science, Social Science) every year. Not all CHS core electives would add strength to a college application. See your school counselor for help.
